FILTRATION & WATER TREATMENT

WATERCOM CF

TANK

Benefit, within a compact equipment, from filtration, analysis and pool water treatment.

+ products

Complete:

- All-in-one solution for ponds up to 80 m².
- Includes sand filter with 6-way valve, 15 m³/h pump with speed regulator, pH/Chlorine automated water treatment and analysis unit, control board, fittings and pipes.

Convenient:

- Quick installation in less than an hour.
- Compact unit (125 x 83 x 100 cm), for an optimised, easy-to-read technical room.
- Pre-assembled and pre-wired equipment.
- Remote control via the dinoAccess application.

Economical:

- The variable speed pump saves energy.
- Less use of chemicals thanks to automated water treatment.

USEFUL TO KNOW

Reduced noise level thanks to flow regulator

ALSO

Integrated pH and chlorine dosing pumps
