TRUST THE POOL EXPERTS

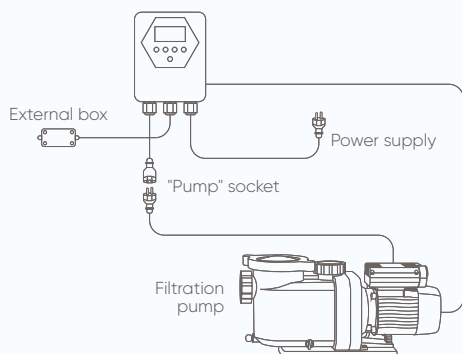

CONTROL BOX FLOW REGULATOR CF VS

Easily adjust the speed of your pool's fixed-speed pump to suit your needs, for more efficient and more economical filtration.

EASY INSTALLATION

+ products

Savings:

- Save up to 63% energy*.
- Helps your pump last longer.
- Return on investment within 24 months.

Comfort:

- Up to 30% less noise*.
- Touch screen.
- Auxiliary contact provided for implementing controls (e.g., automatic water treatment).

Virtuous:

- A slow flow rate through the filter reduces energy consumption and enhances filtration quality.
- Helps contribute less green-house gases.

USEFUL TO KNOW

Adaptable to the majority of single-phase pumps** on the market

ALSO

3 modes: Silence / Eco / Boost

Configurable: peak hours / off-peak hours

Easy to read energy consumption

* dependant on use, compared to a pump without regulator. Datas certified TÜV Rheinland.

** exclusively for single-phase pumps.
